Professional Summary

Aspiring to build a career in analytics-led marketing, business strategy, and techno-commercial roles. I aim to combine marketing expertise with data-driven decision-making to solve business problems and create measurable impact. I possess strong analytical, quantitative, and marketing capabilities, supported by proficiency in SQL, Python, Power BI, Tableau, Excel, and Databricks. My expertise includes market research, B2B marketing, brand management, key account management, digital strategy, and project management. I am skilled at translating complex data into actionable insights and identifying opportunities across customer, sales, and digital funnels. Currently pursuing a PGDM in Marketing at JAGSoM, I have gained practical exposure to sales, marketing, and social media analytics. At Unschool, I analyzed lead-conversion funnels to support business growth. At The Yellow Submarine, I contributed to content and brand strategy development. At The 4th Axis, I used social media performance and market research insights to support strategic recommendations. Through certifications and guided projects in data analytics, Agile/Scrum, SEO, CRM, cloud computing, Azure, Databricks, and project management, I am prepared to contribute at the intersection of marketing, analytics, technology, and business strategy.

ACADEMIC PROFILE

PGDM — Marketing		Jagdish Sheth School of Management, Bengaluru	2027
UG Degree	70.70%	West Bengal State University, Kolkata	2023
Class XII (West Bengal Council of Higher Secondary education)	92%	Habra High School (H.S.), Habra	2020
Class X (West Bengal Board of secondary education)	86%	Habra High School (H.S.), Habra	2018

INTERNSHIP(S) (if any) 9 months

1. Sales and Marketing (Intern) <i>Unschool</i>	2022
- Identified and qualified prospective learners through outbound calls and messaging, contributing to lead generation efforts for the platform's course offerings. - Assisted in executing digital marketing campaigns across social media and email channels, supporting increased visibility and engagement for course enrollments. - Tracked and analyzed lead conversion data to identify drop-off points in the sales funnel, providing insights to improve outreach strategy. - Collaborated with the sales team to refine pitch messaging and follow-up processes, contributing to a more consistent and effective enrollment conversion process.	
2. Social Media Marketing (Intern) <i>The Yellow Submarine</i>	2026
- Developed and executed social media content calendars for client brands, aligning post themes with each brand's identity and target audience. - Conducted competitor and market research to inform content strategy, helping identify positioning gaps and content opportunities for client accounts. - Created and refined brand messaging and visual content guidelines, ensuring consistency across client social media platforms. - Compiled a comprehensive internship report analyzing campaign performance and social media strategy, translating insights into actionable recommendations for the agency's clients.	
3. Social Media Analyst (Intern) <i>The 4th Axis</i>	2026
- Monitored and analyzed social media performance metrics (engagement, reach, follower growth) across the brand's content, identifying trends among Bengali-speaking audiences. - Conducted community engagement and digital outreach to strengthen audience interaction and brand presence on social platforms. - Performed market research on regional digital media trends, providing strategic recommendations to improve content relevance and audience retention. - Compiled analytics reports summarizing content performance, translating data into actionable insights that informed the brand's ongoing content strategy.	

Projects

Academic, Personal & Guided

Business Analysis & Process Management – Coursera(guided) Introduction to Project Management with ClickUp – Coursera(guided) Marketing Design with Easil – Coursera(guided) Introduction to CRM with HubSpot – Coursera(guided) Create a Project Management Tracker using Google Sheets – Coursera(guided) Search Engine Optimization (SEO) with Squarespace – Coursera(guided)	
➤ Research Incubation(RI)	
<i>R&D Intensity, Digital Transformation & Export Competitiveness Research Incubation</i>	
- Analyzed 8,808+ CMIE Prowess firm-year observations using regression models to assess how R&D and digital investment affect Indian firms' export competitiveness. - Developed a Digital Intensity Index and identified R&D, supply-chain integration, and workforce expenditure as key export-related factors.	
➤ Academic Project -1	

Desi Protein — Brand Management & E-commerce Project | 2026

- Conceptualized a digital-first protein brand offering products inspired by Indian/Desi flavors and consumer preferences.
- Developed an e-commerce website focused on brand positioning, product presentation, and customer experience.
- Applied digital marketing, consumer behavior, branding, and e-commerce principles to translate the concept into a cohesive digital business proposition.
